|---------------------------------------|---|
| Sample of: Ascott CorroSalt | Date Received: 20 March 2024 |
| BLL Ref: 03-0618-24 | Analysis Completed: 5 April 2024 |
| Analysis Started: 2 April 2024 | |
| Sample Reference: E24070 | |

| Test | Result | Units | Specification |
|---------------------------|--------------------------------|------------|---------------|
| Fluoride expressed as F* | NMT 0.03 (nd) NMT 0.03 (nd) | % % | |
| Bromide expressed as Br* | NMT 0.03 NMT 0.03 | % % | |
| Iodide expressed as I* | NMT 0.03 (nd) NMT 0.03 (nd) | % % | |
| Total halides (F, Br, I)* | NMT 0.09 NMT 0.09 | % % | NMT 0.1 |
| Aluminium expressed as Al | NMT 0.0001 NMT 0.0001 | % % | NMT 0.001 |
| Iron expressed as Fe | NMT 0.0001 NMT 0.0001 | % % | NMT 0.001 |
| Nickel expressed as Ni | NMT 0.0001 NMT 0.0001 | % % | NMT 0.001 |
| Copper expressed as Cu | NMT 0.1 NMT 0.1 | ppm ppm | NMT 0.3 |
| Arsenic expressed as As | NMT 0.0001 NMT 0.0001 | % % | NMT 0.001 |
| Barium expressed as Ba | NMT 0.0001 NMT 0.0001 | % % | NMT 0.001 |

Job Ref: 2403-0181
Report Ref: RN-03528-24 (Continued)

| | | | |
|---------------------------|------------|---|-----------|
| Lead expressed as Pb | NMT 0.0001 | % | NMT 0.001 |
| | NMT 0.0001 | % | |
| Total Impurities Analysed | NMT 0.1 | % | NMT0.3 |
| | NMT 0.1 | % | |

NMT = Not more than; nd = none detected

Results relate to sample as received. Total Impurities Analysed is the sum of the results determined by UKAS accredited and non-UKAS accredited methods.

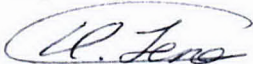

Analysed in accordance with BLM498G (Revision 10) for metals, and non-GxP analysis of Fluoride, Bromide and Iodide using Ion Chromatography as described in the data pack.

The supplier states that anti-caking agents were not added to the product.

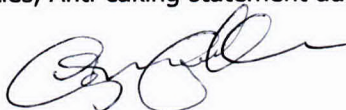

Sample meets specification for the tests performed.

This report has been generated as a replacement of report: RN-01003-24

The reason for the replacement is UKAS testing, Total impurities, Anti-caking statement additions and client requested reporting criteria.

Kathryn Jones
Team Leader - IC and Elemental Micro

Craig McConville
Analytical Operations Manager
Issued for and on behalf of Butterworth Laboratories

Tests marked with a * are not UKAS accredited.
