

Vacuum Film Applicator Bed

Vacuum plates are made of aluminium and finished with an anodized grey hard coat giving high corrosion resistance, improving the longevity of the vacuum plate. The top section of the plate has a series of holes. When connected to a vacuum pump or sink aspirator, the vacuum suction created keeps the paper charts in place. Each plate comes complete with a chrome plated brass ball valve with an easy on/off lever handle to enable or disable vacuum suction and a high-quality vacuum pump.

Available in 2 sizes

Product Code	Overall Size (mm)	Vacuum Bed Area (mm)
T01-700153	360 x 250 x 32.5	290 x 190
T01-700154	533 x 340 x 32.5	460 x 270
