

## Closed Paint Mixer/Shakers

We offer both Shaking and Rotation mixers in both manual and automatic clamping options. These allow for fast and even dispersal without the possibility of any leaks or spillage as the container is securely clamped during operation

### Key Features

#### Manual Clamp

Auto shutoff if door is opened during operation  
Pull out platform for easy loading

#### Automatic Clamp

Automatically detects container size and clamps accordingly  
Digital display showing status and run time  
Audible alarm in case of error requiring reset
